The fuel consumption and CO2 emission figures shown in the table are derived from the Worldwide Harmonised Light Vehicle Test Procedure (WLTP) . These figures may not reflect real life driving results, which will depend upon a number of factors including the accessories fitted, variations in weather, driving styles and vehicle load. The figures shown are for comparability purposes; only compare fuel consumption and CO2 figures with other vehicles tested to the same technical procedures.

You can also use Ford's online configurator to build and customise a new Ford vehicle: <https://www.ford.co.uk/vans-and-pickups>. The configurator provides information about your configured vehicle's fuel consumption and CO2 emissions (these are also WLTP test figures).

The declared Fuel/Energy Consumptions, CO2-Emissions and Electric range are determined according to the technical requirements and specifications of the European Regulations (EC) 715/2007 and (EU) 2017/1151 as last amended. Light Duty Vehicles type-approved using the World Harmonised Light Vehicle Test Procedure (WLTP) have Fuel/Energy Consumptions and CO2-Emission information for both New European Drive Cycle (NEDC) and WLTP. WLTP is a new, more realistic test procedure for measuring fuel consumption and CO2 emissions and will fully replace the NEDC latest by end of the year 2020. The applied standard test procedure enables comparison between different vehicle types and different manufacturers. In addition to the fuel efficiency of a car, driving behaviour as well as other non-technical factors play a role in determining a car's fuel/energy consumption, CO2 emissions and electric range. CO2 is the main greenhouse gas responsible for global warming. A guide on fuel economy and CO2 emissions which contain data for all new passenger car models is available at any point of sale free of charge or can be downloaded under <http://carfueldata.dft.gov.uk>.

| Tax Year to 5th April  | 2020/21 | 2021/22 | 2022/23 | 2023/24 | 2024/25 |
|------------------------|---------|---------|---------|---------|---------|
| <b>Benefit In kind</b> | £3,490  | £3,500  | £3,600  | £3,960  | £3,960  |

The delivery charge is included in the Basic Recommended Retail Price and is made on all models for delivery to the Dealer's premises. Where delivery is not made to the customer at the Dealer's premises a further charge may be made by the Dealer.

The Vehicle Excise Duty (VED) charged on new cars is based on their engine's CO<sub>2</sub> emissions\* (expressed in grams per kilometre (g/km)). All CO<sub>2</sub> emissions figures in g/km are derived from the Worldwide Harmonised Light Vehicle Test Procedure (WLTP). These figures may not reflect real life driving results, which will depend upon a number of factors including the accessories fitted, variations in weather, driving styles and vehicle load.'

You can also use Ford's online configurator to build and customise a new Ford vehicle: [www.ford.co.uk/configurator](http://www.ford.co.uk/configurator). The configurator provides information about your configured vehicle's fuel consumption and CO<sub>2</sub> emissions (these are also WLTP test figures).

The chart above shows the Bands and the VED which will be levied (for vehicles registered from 1st April 2024 onwards).

If a car's list price is over £40,000 (including VAT and factory fitted options) at first registration, the customer will pay an additional VED charge (currently £390) for five years after the end of the first registration (in addition to the standard VED charge per year, currently £165 for petrol and diesel vehicles and £155 for vehicles classed as alternative fuel vehicles such as a FHEV, PHEV and BEV).

<sup>1</sup> Item is non-Ford branded from an approved supplier

For any more information about any of the included Ford Accessories, or to view a full range of Ford Accessories visit [www.ford-accessories.co.uk](http://www.ford-accessories.co.uk)

This price list shows both original Ford Accessories as well as a range of carefully selected products from third party suppliers, identified under that third party supplier's brand name. Please note that third party supplier branded accessories do not come with a Ford warranty but are covered by the third party supplier's own warranty, the details of which can be obtained from your Ford Dealer.

Fittment of accessories may have an impact on your vehicle's fuel consumption.

Prices do not include fitting unless otherwise stated. Please refer to your Ford Dealer for fitted prices.

## OTHER PRICING CONSIDERATIONS

### Customer Order Price Protection

Ford's Customer Order Price Protection Plan means that the price you pay is the same as the price on your order as long as you are prepared to accept delivery within three months, and in any event, as soon as your vehicle is available. Your Dealer has full details of the Customer Order Price Protection plan. Subject to terms and conditions. Ford Motor Company Ltd is not liable for changes in price caused by Government changes in tax rates or changes in other applicable legislation.

### VAT

VAT is shown calculated at 20%. The total price of a vehicle, including factory fitted options and accessories fitted by the Ford Dealer, will be subject to VAT on retail sale.

### Price Changes

This price list outlines Ford's recommended on the road prices and recommended retail prices. Please contact your Ford dealer for final sale prices. This price list is effective from **26th September 2024**, and supercedes all previous price lists. The recommended prices in the publication were true and accurate at the time of printing. You should, however, check details with your Dealer as there may have been changes to Ford's recommended prices in view of Ford's policy of continuous development. Ford reserves it right is reserved to change its recommended prices at any time. Change to government legislation or tax changes could result in a change to ford's published recommended prices.

## ILLUSTRATIONS, DESCRIPTIONS AND SPECIFICATIONS

The product information in this publication was correct at the time of going to print. However, Ford's policy is one of continuous product development. The right is reserved to change specifications and colours of the models and items illustrated and described in this publication at any time. For the latest details always consult your Ford Dealer. Throughout this publication, wherever a feature is described as being an 'Option' or 'Option Fitment/Pack' etc, you should assume that it will be at extra cost to the base vehicle, unless specifically stated to the contrary. All models and colour combinations are subject to availability.

Some images portrayed are of a pre-production model and/or are computer generated, therefore the deisgn/features on the final version of the vehicle may differ in various respects. In addition, some of the features shown on the vehicles may be optional e.g. metallic paint.

Please also note some driver assistance features and safety features described in this publication are designed to function using sensors, whose performance may be affected under certain weather or environmental conditions.
