Not all vehicle features will be available in all markets. Precise specifications for each market will be confirmed prior to launch.

Ford Pro Services

| Ford Pro Service | Description | Cost | Additional Information |
|------------------|--|--|---|
| | <p>Maximise fleet uptime through accessing key vehicle health data using a simple web-based dashboard:</p> <p>Vehicle Health Alerts – Vehicle Data or User Generated Connects vehicles to FORDLive (Connected Uptime System) Service, Maintenance & Repair Booking (direct with Ford Authorised Repairer network)</p> | FREE | |
| Software | <p>Maximise uptime, efficiency, reduce running costs and support the switch to EV's (Ford and non-Ford*):</p> <p>Vehicle Health Alerts – Vehicle Data or User Generated Connects vehicles to FORDLive (Connected Uptime System) Service, Maintenance & Repair Booking (direct with Ford Authorised Repairer network) Live Tracking with vehicle status Location & Trip History Fuel Insights Driver Behaviour & In-Vehicle Coaching Vehicle Security Driver App to support daily vehicle checks and report issues Logbook for expense reimbursement and tax compliance *Plug in Device required for non-Ford vehicles & older Ford vehicles; newer Ford vehicles use manufacturer grade data direct from vehicle embedded modem</p> | £15.00 per month, per vehicle | Activate an account here: https://fleetaccount.ford.com/customer-signup |
| | <p>Cloud connected navigation helps customer to optimize their route and provide them key information throughout their journey :</p> <p>OTA Map updates Live Traffic Live Fuel prices Live Weather Parking Local hazard alerts indicates hazard type & distance of hazard</p> | FREE 12 months from warranty start then £2.50 per month, per vehicle | Connected Nav is free on Ranger for 12 months, vehicle must be Nav capable For any questions please email : softwaresolutions@fordpro.com |
| Charging | <p>Ford Pro Charging offers comprehensive home and depot charging solutions designed to maximise your vehicle's efficiency and minimise downtime. Our robust hardware includes an accurate in built energy metre to support billing and energy reimbursement, and is backed by a 5-year warranty. Ford Pro Charging solutions include dedicated aftercare support, intelligent charge management software for optimal charging performance and scheduling capabilities.</p> | Home Charger standard installation price £833 + VAT | Book your free charging consultation here: https://www.fordpro.co.uk/en-gb/charging/charging-demo?intcmp=fpro-chp-hfs-O-KeepYourFleetPowere-BookaConsultation For any questions please email : evcharge@ford.com |
| Service | <p>All new Ford Pro vehicles include FORDLive[†], a complimentary connected uptime service which helps keep your vehicles operational and on the road.</p> <p>With FORDLive, eligible customers can maximise uptime by viewing vehicle health information through FordPass, Ford Telematics or Ford Telematics Essentials and in parallel our Transit Service Dealers can use the same smart information to more effectively support vehicle uptime.</p> <p>And we do not stop there. Ford uses connected vehicle health data to monitor vehicle health trends to look for and find ways to improve our products, helping to maximise uptime for our customers.</p> | FREE | Activated from vehicle delivery for eligible customers and vehicles, FORDLive uses limited connected vehicle data. Automatic activation from delivery for eligible fleet/business customers on Rangers purchased from 17/06/24. Excludes retail private owners, converted vehicles, government and blue light vehicles, and leasing companies with private operators. For further details please contact your nearest Ford Pro representative. FORDLive can be cancelled at any time. |

[†]Excludes Transit Connect. Transit Connect, can be connected to FordLive via a Plug In Device.

1. Recommended 'On the road' price includes £920.00 (excl VAT) delivery charge, one year's Road Fund Licence, £55 DVLA first registration fee and an estimated £25 for number plates. Price stated is for standard specification vehicle with no options.

2. Not applicable to retail or private car buyers. Benefit in Kind (BIK) values are the monthly taxation payment applicable to company light commercial vehicle users. BIK values were correct at the time of printing and are based on taxation rates for 2024/25 tax year.

Please note that these are Commercial Vehicles and as such are subject to commercial vehicle speed limits on UK Roads.

* When ordering PHEV models, you should select the appropriate Styling Pack at point of order to ensure the vehicle is delivered to the advertised specification.

PT = Part Time

¹ The test used to establish fuel consumption and CO2 figures has changed to deliver results that are more representative of real life driving. The Worldwide Harmonised Light Vehicle Test Procedure (WLTP) has replaced the old NEDC test. The Fuel Consumption figures shown are derived from the new WLTP test. The table shows the fuel consumption (WLTP) figures for each available engine on the Ranger. These figures may not reflect real life driving results, which will depend upon a number of factors including the accessories fitted, variations in weather, driving styles and vehicle load.

² These figures were obtained using a combination of battery power and fuel. The Ranger PHEV is a plug-in hybrid vehicle requiring mains electricity for charging.

The figures shown are for comparability purposes; only compare fuel consumption and CO2 figures with other vehicles tested to the same technical procedures.

* When ordering PHEV models, you should select the appropriate Styling Pack at point of order to ensure the vehicle is delivered to the advertised specification.

The declared Fuel/Energy Consumptions, CO2-Emissions and Electric range are determined according to the technical requirements and specifications of the European Regulations (EC) 715/2007 and (EU) 2017/1151 as last amended. Light Duty Vehicles type-approved using the World Harmonised Light Vehicle Test Procedure (WLTP) have Fuel/Energy Consumptions and CO2-Emission information for both New European Drive Cycle (NEDC) and WLTP. WLTP is a new, more realistic test procedure for measuring fuel consumption and CO2 emissions and will fully replace the NEDC latest by end of the year 2020. The applied standard test procedure enables comparison between different vehicle types and different manufacturers. In addition to the fuel efficiency of a car, driving behaviour as well as other non-technical factors play a role in determining a car's fuel/energy consumption, CO2 emissions and electric range. CO2 is the main greenhouse gas responsible for global warming. A guide on fuel economy and CO2 emissions which contain data for all new passenger car models is available at any point of sale free of charge or can be downloaded under <http://carfueldata.dft.gov.uk>. are based on tests conducted on vehicles with standard wheels and tyres. Optional or Accessory wheels and tyres may have an effect on the emissions or fuel consumption of a vehicle. For further information on CO2 and fuel performance please refer to the vehicle brochure

One of these styling packs should be selected at point of order to ensure that the vehicle is delivered to the advertised specification.

This option should be selected when ordering a hardtop canopy (A9BAC, A9BAH, or A9BAJ) on a Wildtrak, to ensure the vehicle is delivered to advertised specification.

One of these wheel packs should be selected at point of order to ensure that the vehicle comes with a spare wheel and not an inflation kit (J4YCH, J4TCJ & J4YCI).

Accessories Pricing Effective from 1st January 2025

For any more information about any of the included Ford Accessories, or to view a full range of Ford Accessories visit www.ford-accessories.co.uk

This price list shows both original Ford Accessories as well as a range of carefully selected products from third party suppliers, identified under that third party supplier's brand name.

Please note that third party supplier branded accessories do not come with a Ford warranty but are covered by the third party supplier's own warranty, the details of which can be obtained from your Ford Dealer.

Fitment of accessories may have an impact on your vehicle's fuel / energy consumption.

Prices do not include fitting unless otherwise stated. Please refer to your Ford Dealer for fitted prices.

EFFECTIVE DATE 1ST APRIL 2024

'MANUFACTURERS RECOMMENDED ON THE ROAD' PRICES INCLUDE: COMMERCIAL VEHICLES (EX VAT)

| CO ₂ Emissions (g/km)* | Tax Band | Number Plates (Estimated) £ | Government First Registration Fee £ | First Year Vehicle Excise Duty (VED) (Petrol & RDE2 compliant Diesel) £ | Delivery | Total £ |
|-----------------------------------|----------|-----------------------------|-------------------------------------|---|----------|-----------|
| | TC39 | £20.83 | £55.00 | £335.00 | £920.00 | £1,330.83 |

COMMERCIAL VEHICLES (INC VAT)

| CO ₂ Emissions (g/km)* | Tax Band | Number Plates (Estimated) £ | Government First Registration Fee £ | First Year Vehicle Excise Duty (VED) (Petrol & RDE2 compliant Diesel) £ | Delivery | Total £ |
|-----------------------------------|----------|-----------------------------|-------------------------------------|---|-----------|-----------|
| | TC39 | £25.00 | £55.00 | £335.00 | £1,104.00 | £1,519.00 |

VEHICLE BENEFIT TAX

| Tax Year to 5th April | 2020/21 | 2021/22 | 2022/23 | 2023/24 | 2024/25 |
|-----------------------|---------|---------|---------|---------|---------|
| Benefit in kind | £3,490 | £3,500 | £3,600 | £3,960 | £3,960 |

"The delivery charge is included in the Basic Recommended Retail Price and is made on all models for delivery to the Dealer's premises. Where delivery is not made to the customer at the Dealer's premises a further charge may be made by the Dealer.

The Vehicle Excise Duty (VED) charged on new cars is based on their engine's CO₂ emissions* (expressed in grams per kilometre (g/km)). All CO₂ emissions figures in g/km are derived from the Worldwide Harmonised Light Vehicle Test Procedure (WLTP) . These figures may not reflect real life driving results, which will depend upon a number of factors including the accessories fitted, variations in weather, driving styles and vehicle load.'

You can also use Ford's online configurator to build and customise a new Ford vehicle: www.ford.co.uk/configurator . The configurator provides information about your configured vehicle's fuel consumption and CO₂ emissions (these are also WLTP test figures).

The chart above shows the Bands and the VED which will be levied (for vehicles registered from 1st April 2024 onwards).

If a car's list price is over £40,000 (including VAT and factory fitted options) at first registration, the customer will pay an additional VED charge (currently £390) for five years after the end of the first registration (in addition to the standard VED charge per year, currently £170 for petrol and diesel vehicles and £155 for vehicles classed as alternative fuel vehicles such a FHEV, PHEV and BEV)."

OTHER PRICING CONSIDERATIONS

Customer Order Price Protection

Ford's Customer Order Price Protection Plan means that the price you pay is the same as the price on your order as long as you are prepared to accept delivery within three months, and in any event, as soon as your vehicle is available. Your Dealer has full details of the Customer Order Price Protection plan. Subject to terms and conditions. Ford Motor Company Ltd is not liable for changes in price caused by Government changes in tax rates or changes in other applicable legislation.

VAT

VAT is shown calculated at 20%. The total price of a vehicle, including factory fitted options and accessories fitted by the Ford Dealer, will be subject to VAT on retail sale.

Price Changes

This price list outlines Ford's recommended on the road prices and recommended retail prices. Please contact your Ford dealer for final sale prices. This price list is effective from 28th January 2025, and supersedes all previous price lists. The recommended prices in the publication were true and accurate at the time of printing. You should, however, check details with your Dealer as there may have been changes to Ford's recommended prices in view of Ford's policy of continuous development. Ford reserves its right to change its recommended prices at any time. Change to government legislation or tax changes could result in a change to Ford's published recommended prices.

ILLUSTRATIONS, DESCRIPTIONS AND SPECIFICATIONS

The product information in this publication was correct at the time of going to print. However, Ford's policy is one of continuous product development. The right is reserved to change specifications and colours of the models and items illustrated and described in this publication at any time. For the latest details always consult your Ford Dealer. Throughout this publication, wherever a feature is described as being an 'Option' or 'Option Fitment/Pack' etc, you should assume that it will be at extra cost to the base vehicle, unless specifically stated to the contrary. All models and colour combinations are subject to availability.

Some images portrayed are of a pre-production model and/or are computer generated, therefore the design/features on the final version of the vehicle may differ in various respects. In addition, some of the features shown on the vehicles may be optional e.g. metallic paint.

Please also note some driver assistance features and safety features described in this publication are designed to function using sensors, whose performance may be affected under certain weather or environmental conditions.
